## **Report of Funded and Unfunded Projects**

### **Funding Information**

#### **Past**

2005-2006	Developmental Psychology Training Grant NICHD T32HD007109 Trainee Grant funded training in fundamental theories and methods of developmental psychology and Master's degree research on the influence of parent, peer, and media sexual socialization on emerging adult sexual behavior.
2009	Beliefs, Bros, and Basic Intimacy Needs: The Contributions of Masculinity Ideologies, Homosociality, and Attachment to Men's Sociosexuality University of Michigan, Department of Psychology Dissertation Research Grant Principal Investigator (\$4,000) Surveyed 500 heterosexual and sexual minority male college students to examine the roles that attachment style, peer contexts, and masculinity ideologies play in shaping men's beliefs about committed and uncommitted sex and well being.
2009-2010	Men's Experiences with Sex and Relationships University of Michigan, Rackham Graduate School Doctoral Dissertation Research Grant Principal Investigator (\$4,000) This study analyzed 16 interviews with college men exploring the processes by which peers shape beliefs about uncommitted sex and relationships.

- 2010           Dissertation One-Term Grant  
University of Michigan, Rackham Graduate School  
Principal Investigator (\$9,600 + Tuition)  
Competitive grant that provided full support to the principal investigator while writing, defending, and revision his dissertation on emerging adult men's sociosexuality.
- 2010-2012     Eating Disorders and Adolescent Body Image Among Boys and Sexual Minorities  
Ruth L. Kirschstein Postdoctoral National Research Service Award  
NICHD F32HD066792  
Principal Investigator (\$94,773)  
This grant funded an examination of sexual orientation differences in the socialization of weight and muscularity concerns, and linked these processes to disordered eating behaviors in heterosexual and sexual minority (i.e., gay, bisexual) adolescent boys.
- 2011-2014     Development of Body Image and Eating Disorders in Boys and Sexual Minority Youth  
Pediatric Loan Repayment Award  
NIH L40RR033244  
Principal Investigator (\$11,730)  
This award provided financial support (via repayment of loans incurred during undergraduate and graduate studies) to research on the development of body image self-concept and disordered dieting and exercise among heterosexual and sexual minority boys.
- 2013-2015     True Colors: A Performing Arts-Based Intervention for Depression and Low Self-Esteem in LGBTQ Youth  
Determination of Need Fund, Binney Project (PI: Schuster)  
Boston Children's Hospital Center for Collaborative Community Research Pilot Grant  
Project Co-Principal Investigator (\$25,900)  
The award supported (1) the evaluation of True Colors to examine the effects of involvement on the depressive symptoms and self-esteem of LGBTQ adolescents, and (2) program development to create workshops that can be implemented in non-performing arts-based LGBTQ youth contexts (e.g., high school Gay-Straight Alliances).
- 2014-2015     HIV Prevention in LGBTQ Youth Through Theater-Based Education  
Aerosmith Endowment Fund Grant  
Principal Investigator (\$13,603)  
Created and evaluated a theory-based community theater workshop to educate LGBTQ youth about HIV prevention communication and peer education.
- 2009-2015     California Quality of Life Survey, University of California, Los Angeles (UCLA)  
Consultant  
Consulting to researchers at the UCLA Center on Minority Health Disparities in research on sexual orientation identity development, social support, and health in a population-based sample of sexual minority adults in California.
- 2011-2016     Massachusetts Gay-Straight Alliance Network and Community Programs Evaluations  
Consultant  
Advising the Massachusetts Commission on Lesbian, Gay, Bisexual, and Transgender Youth in an evaluation of aspects of Gay-Straight Alliances and community programs that promote sexual and mental health in middle- and high-school-aged adolescents.

## Current

- 2013-2017 Substance Use and Disordered Weight Behaviors in Sexual Minority Youth Contexts  
K01 Career Development Award  
NIDA K01DA034753  
Principal Investigator (\$721,007)  
This research utilizes national, longitudinal epidemiologic survey data and intensive data analysis with a community cohort of sexual minority youth to identify modifiable contextual characteristics in youth settings that may reduce risk for sexual minority stress, substance use, and disordered weight behaviors.
- 2014-2017 Socioemotional Development in Teen Arts Museum Programs  
Consultant  
Advising the Education Department at the Institute of Contemporary Art, Boston, in the evaluation of the contributions of youth arts and leadership programs on the socioemotional development and resilience of high risk adolescent participants.
- 2015-2016 HIV Prevention: A Rehearsal for Life  
Aerosmith Endowment Fund Grant  
Principal Investigator (\$7,920)  
This award supports data analysis, writing community research briefs, and writing a manual for a community theater workshop focused on educating LGBTQ youth about HIV prevention and safe-sex communication.
- 2015-2019 Mechanisms of Health Promotion in Diverse Youth Through Gay-Straight Alliances  
NIMHD R01MD009458 (PI: V. Paul Poteat)  
Co-Investigator  
This research uses mixed methods, multi-informant data to examine components of involvement in high school gay-straight alliances and their relation to health and positive youth development outcomes among racial/ethnic minority LGBTQ youth.
- 2016-2017 Generations+: Intergenerational Dialogue for HIV/AIDS Action  
Aerosmith Endowment Fund Grant  
Principal Investigator (\$7,302)  
This award supports the development, implementation, and evaluation of community-based story circles where sexual minority people of color in Boston can reflect on experiences and perceptions of HIV/AIDS.
